Come with or **without a partner**. If the number is uneven Eve or Mike will be your partner.

This is a proven way to get the juices of health flowing in you and your partner. You will give and receive the sensations of light massage and therapeutic stretch in partnership for nearly two hours.

Many options will be offered from easy therapeutic poses and Thai massage, to standing and advanced poses. There will be new material for those who have already taken the class.

Michael has been studying and teaching movement therapies for 15 years.

Eve has been a student of Viniyoga and Gary Kraftsow since 1989. She has been a chiropractor for 23 years, and is also a certified craniosacral therapist.
